UNSCENTED &  
DYE FREE

HIGH VISCOSITY  
FOR STRONG  
DEVICE ADHERENCE

EXTRA  
GENTLE

NEW &  
IMPROVED

*Whiteley Medical Lubricating Gel is a water-based lubricant intended for facilitating the insertion of diagnostic therapeutic devices into non-sterile body cavities.*

Whiteley Medical Lubricating Gel is water based and oil free. It is unscented, dye free and is extra gentle on mucosa. Its high viscosity ensures it offers good adherence to the therapeutic device.

This water-soluble gel is easy to apply, offers optimal lubrication while also being gentle on mucosal surfaces.

**Key Benefits:**

- ✓ Water soluble
- ✓ Non greasy
- ✓ Unscented & dye free
- ✓ Extra gentle
- ✓ High viscosity for strong adherence
- ✓ Class 1 Medical Device ARTG No: 323850

Packsizes – 12 x 500mL, Product Code – 132182
