

# Introducing **Trio** Veterinary™: Sting Free Skin Barrier, protects and soothes reddened sore skin

Feel the difference, experience the benefit of  
our advanced silicone technology.....

VETERINARY CARE

# Veterinary™ Sting Free Skin Barrier

## Advanced Silicone Technology

Sometimes, animal skin needs a little help. Skin is the largest organ of their body and usually provides an excellent barrier function. Using the latest in silicone technology, **Veterinary™ Sting Free Skin Barrier** has been carefully developed to protect skin from irritation caused by the damaging effects of adhesives and body fluids. The next generation of silicone liquid skin barriers has arrived!

The soothing and hypoallergenic **Veterinary™ Sting Free Skin Barrier** formulation creates a breathable and durable barrier. Due to the unique and innovative formulation, **Veterinary™ Sting Free Skin Barrier** is a silent spray (to avoid distress to the animal) will soothe reddened and sore skin and reduce itching. **Veterinary™ Sting Free Skin Barrier** will not cause any build up on the skin surface unlike some skin barriers.

### Wound Care - dressings and fixation devices

Peri-wound skin can become macerated and delicate.

**Veterinary™ Sting Free Skin Barrier** is formulated to protect the skin from the damaging effects of exudates, enzyme attack and adhesives.

**Trio Veterinary™** winners of the Queens Award for Enterprise
